The Movement for an **Economy of Communion** in collaboration with the **Catholic University of Eastern Africa**, invites you to the **Economy of Communion International Congress** to be held at Pope Paul VI - Learning Resource Centre CUEA Auditorium **Nairobi, Kenya**

«Unlike the consumerist economy, based on a culture of having, the economy of communion is the culture of giving.»

Chiara Lubich

«Goods become "more real" when they are put in common, while goods become evil when they are not shared. Goods held as jealous possessions actually impoverish the owner of his or her ability to give, and of reciprocity, which is the true human heritage that leads to happiness.»

Luigino Bruni

"I am what I am by virtue of what all of us are without excluding anyone"
(Ubuntu)
